

PHI KAPPA PSI FRATERNITY

Intellect. Morality. Spirituality. Loyalty.

ALUMNI

Ohio Delta Chapter Brothers celebrated with Cunningham in July 2022 at his promotion ceremony held at Wright-Patterson Air Force Base, Ohio. Pictured left to right are: Stewart Minter *Ohio State '93*, Jim Hinton *Ohio State '92*, Mark Cunningham *Ohio State '93*, Thomas Mackie *Ohio State '93* and Michael Jagodzinski *Ohio State '92*.

NATO Joint Warfare Centre (JWC), Stavanger, Norway, welcomed its new Deputy Commander and Chief of Staff, U.S. Marine Corps Brigadier General Mark A. Cunningham *Ohio State '93*, on Monday, August 29, 2022.

Cunningham

Brigadier General Cunningham most recently served as the Deputy Commander of the Force Headquarters Group, a major subordinate command within Marine Forces Reserve.

Deployed to Afghanistan to serve as the Senior Intelligence Analyst for a joint task force in support of Operation Enduring Freedom in 2011, Cunningham provided intelligence for more than 110 combat operations.

Cunningham is a graduate of The Ohio State University, University of Dayton, and the U.S. Air University. His awards include the Legion of Merit, Defense Meritorious Service Medal, Meritorious Service Medal, Navy and Marine Corps Commendation Medal, among others.

Zachary A. Myers *Stanford '01* took an oath to defend and protect. He is committed not only to the pursuit of justice but also to service, fair play and honor. He serves on behalf of his country — the people. Loyal, honorable and compassionate, Myers models the values of Phi Kappa Psi. Nominated by President Biden in July 2021 and confirmed by the Senate in September, Myers was sworn in November 15, 2021, as the U.S. Attorney for the Southern District of Indiana. While the appointment was an accomplishment on its own, it was also another step for Myers as he became the first black attorney to hold the position in the Southern District of Indiana.

Hopkins / Photo: Jolie Loren

Musician John Driskell Hopkins *Georgia '90* announced the formation of the Hop On A Cure Foundation in May 2022, in the wake of his diagnosis with the degenerative neuromuscular disease, ALS (Lou Gehrig's disease). This fatal disease progressively diminishes an individual's ability to control voluntary muscle movements which include speaking, eating, mobility and eventually breathing. There is no known cure and no effective treatment. For almost 20 years, Hopkins has been a member of the Grammy-winning Zac Brown Band as well as a noted musician in his own right. Currently his ALS symptoms are progressing slowly, and he hopes to continue playing for many years.

Hop On A Cure was founded with the goal of raising funds to finally find a cure for ALS. Any support from Hopkins' Fraternity brothers would be much welcomed and appreciated. Please follow HopOnACure on all social platforms and check out hoponacure.org.

Goldfinch Health's cofounders — and chapter brothers — Brand Newland (left) and John Greenwood (right), advocate for patient education.

Chapter brothers Brand A. Newland *Iowa '00* and John Greenwood *Iowa '00*, pooled their personal and professional passions into developing Goldfinch Health. They connect experienced healthcare professionals with patients to provide answers to questions most would never know to ask. "Doctors and surgeons are doing the best they can. It is simply not easy to navigate the system, and patients need individual attention," Newland emphasized. "Folks need help. Advice. Advocacy. Support through surgery and recovery." That is where Goldfinch thrives.

UNDERGRADUATES

New York Beta Chapter (Syracuse) co-hosted Safe Driving Week with the sisters of Tri Delta. Together we were able to raise around \$30,000. The week consisted of holding a candlelight vigil with former Phi Psi member's parent, Jerry Watson *Alabama '64*. He shared an inspiring speech as we held our lit candles up to his dear, deceased son, Hunter Watson *Syracuse '15*. The week concluded with the chapter's annual "Pie A Phi Psi" fundraiser. People came to the chapter house and paid \$3 to pie a brother of their choosing. The chapter submitted roughly 4,000 pledges along with \$30,000 to Hunter's Fund.

UNDERGRADUATES

The brothers of Ohio Theta (Ashland) went to Camp Nuhop to volunteer at the camp's annual event, Fuzzy Fandango! Fuzzy Fandango is a huge race where people across the state of Ohio come to compete in either a 1Mi, 5K, 9Mi, 25K or 50K races. Brothers helped direct parking, prepared food, and ran aid stations throughout the course. Not only did the members put in volunteer hours, but they also donated \$5,000 to Camp Nuhop. Camp Nuhop, a summer camp that is dedicated to building the self-esteem of children with learning disabilities and emotional disorders.

Fall semester 2022, Indiana Zeta Chapter (Butler) had the privilege of planting 131 trees in a local suburb with the organization, Keep Indianapolis Beautiful. Indiana Zeta puts a strong emphasis on weekly service events, and taking part in these larger scale activities paired with organizations is an amazing way to reach the community and truly make a difference.

In the fall 2022 semester, Arizona Beta (Arizona State) recruited 50 new members. They executed a successful Rush Week under the phenomenal direction of Recruitment Chairs, Nicolas Gustafson ASU '21 and Raul Arias ASU '21.

Iowa Beta (Iowa State) held their first-ever Phi Psi Sundaes fundraiser in October 2022. Ice Cream sundaes were served with an extravagant toppings bar, and the event raised \$4,000 for St. Jude's Make-A-Wish Foundation.

ALUMNI & UNDERGRADUATES

Explore is a multi-day in-person externship experience where a cohort of students with similar fields of study and professional aspirations gather with alumni hosts. The program aims to provide participants with valuable, real-life professional insights and perspectives from alumni in the career sector of their interest. Explore is an application-based program and participants are selected on a rolling acceptance basis.

Select undergraduates and alumni gathered in New York City for Phi Psi's first Explore program in January 2023.

The program was piloted January 9-11, 2023, in New York City with a cohort of undergraduates. Explore was hosted by Justin Natalizio *DePaul '13* at Marcus & Millichap's Manhattan Office. The program centered on Real Estate (finance, commercial, residential, management, etc.) and Construction, Engineering, Architecture and Design.

Participants took part in large group activities and engagement, as well as small group sessions related their respective interests. They engaged with leaders in the industry and participated in immersive experiences with several high-profile companies such as Rockefeller Group, Turner Construction Bond and RFR.
